## **Community Vaccination Clinics (Mass Immunization Clinics)**

---

Open to all Ottawa residents 55 and older, **or** residents 45 and older in “hot spots” with postal codes that begin with K1T, K1V and K2V.

Appointments are currently available for eligible residents between May 1<sup>st</sup> and 28<sup>th</sup> at the Ruddy Family YMCA-YWCA, Nepean Sportsplex, City Hall, Eva James Memorial Community Centre and Queensway Carleton Hospital clinics.

### **Appointments are currently available at four community vaccination clinics:**

- Nepean Sportsplex
- Ruddy Family YMCA-YWCA
- Eva James Memorial Community Centre
- City Hall

### **Daily hours of operation at all four community clinics:**

- First appointment 8:15 am
- Last appointment 9:15 pm
- *Hours of operation are dependent on supply*

### **Seven community vaccination clinic locations:**

- Nepean Sportsplex, 1701 Woodroffe Avenue
- Ruddy Family YMCA-YWCA, 265 Centrum Boulevard
- Eva James Memorial Community Centre, 65 Stonehaven Drive
- City Hall, 110 Laurier Avenue West
- St-Laurent Complex, 525 Côte Street – **opening soon**
- Horticulture Building, 1525 Princess Patricia Way – **opening soon**
- Canterbury Recreation Complex, 2185 Arch Street – **opening soon**

### **How to book an appointment:**

- Register on the Provincial Booking System: [Ontario.ca/bookvaccine](https://ontario.ca/bookvaccine)
- Call the Provincial Booking Line: 1- 833-943-3900, between 8 am and 8 pm, seven days a week
- No OHIP card: Call OPH 613-691-5505

## Pop-up Clinics

---

Ottawa Public Health is implementing new approaches for pop-up clinics in high-risk communities. In the weeks to come, adults 18 years of age and older who live or work in these areas will be eligible for a vaccine in these areas. They will be notified of clinic and registration options through a targeted approach.

### High-priority areas:

- |                                      |  |
|--------------------------------------|--|
| ▪ Bayshore – Belltown                | ▪ Lowertown (East)                     |
| ▪ Britannia Village                  | ▪ Manor Park                           |
| ▪ Carleton Heights – Rideauview      | ▪ Overbrook – McArthur                 |
| ▪ Carlington                         | ▪ Parkwood Hills                       |
| ▪ Carson Grove – Carson Meadows      | ▪ Ridgemont                            |
| ▪ Centretown West                    | ▪ Riverview                            |
| ▪ Emerald Woods                      | ▪ Sandy Hill                           |
| ▪ Greenboro East                     | ▪ Sawmill Creek                        |
| ▪ Hawthorne Meadows                  | ▪ Sheffield Glen                       |
| ▪ Heatherington                      | ▪ Stewart Farm                         |
| ▪ Heron Gate                         | ▪ Vanier North                         |
| ▪ Hunt Club East – Western Community | ▪ Vanier South                         |
| ▪ Hunt Club Park                     | ▪ Whitehaven – Queensway Terrace North |
| ▪ Ledbury                            |  |

## Mobile Vaccination Teams

---

- Mobile vaccination teams are providing vaccinations to congregate care settings, including high-risk shelters and homebound residents.
- **Homebound residents:** OPH is actively working with health partners including Community Health Centres (CHCs) to support in-home vaccination of homebound health-care recipients. Eligible recipients will be contacted to book an in-home vaccination. Currently, homebound health-care recipients are the only group eligible for in-home vaccination. Once vaccines have been provided to everyone in this group, OPH will work with its partners to identify other homebound residents.

## Indigenous Clinics

---

- OPH and Wabano Centre for Aboriginal Health are providing vaccines to First Nation, Inuit and Métis community members 16+
  - Clinic is located at St-Laurent Complex, 525 Côté Street
  - Contact OPH to book an appointment: 613-691-5505
- Akausivik Inuit Family Health Team is providing vaccines to *all* Inuit adults.
  - Contact Akausivik for an appointment or more information: 613-740-0999

## Special Education Teachers

---

- A list of special education teachers has been compiled with the assistance of all school boards in Ottawa.
- Special Education teachers will be contacted directly for vaccinations, which began this week. The date, time and location of the appointment will be provided by email.

## Healthcare Workers

---

- [Moderate priority](#) health-care workers can pre-register for a vaccine appointment on [OPH's online pre-registration tool](#).
- Pre-registration continues for highest priority, very-high priority and high-priority health-care workers.

## Individuals with highest-risk health conditions

---

- Individuals with highest-risk health conditions and their caregivers can pre-register for a vaccine appointment on [OPH's online pre-registration tool](#).
- Visit the [provincial vaccination plan](#) for more details on Phase 2 vaccine sequencing based on age and risk.

## General Information

---

### Total doses administered:

- For up-to-date information on COVID-19 vaccination in Ottawa, including the number of doses administered, visit OPH's [COVID-19 Vaccination Dashboard](#).

### Booking second doses:

- Residents who use the provincial booking system are asked to schedule their first and second doses when they make appointments.
- Residents who book through the OPH booking line will only receive their first dose appointment, unless they are First Nation, Inuit or Métis community members.
  - Residents are encouraged to [sign-up](#) for the City's e-newsletter and follow local news sources for more information. OPH and the City will communicate to the public when second dose appointments are available.

### Remaining end of day doses:

- Where there is a leftover supply of vaccines at the end of the day, due to cancelled appointments or other reasons, clinic administrators offer them to front-line workers who have not yet received their first dose or pre-booked and pre-registered individuals, in accordance with the with the Province of Ontario's plan and [ethical framework](#) to distribute the vaccine. Vaccine wastage in Ottawa has been very minimal and uncommon.
