Notice was given and a Public Hearing was held on **August 4, 2021**, as required by the *Planning Act*.

#### PURPOSE OF THE APPLICATION:

The Owner wants to subdivide its property into two separate parcels of land in order to create separate ownerships for the semi-detached dwelling, which is currently under construction.

#### CONSENT IS REQUIRED FOR THE FOLLOWING:

The Owner requires the Consent of the Committee for a Conveyance.

The severed land is shown as Part 1 on a Draft 4R-Plan filed with the application. It will have a frontage of 7.61 metres on Maplewood Avenue, a depth of 30.48 metres and will contain a lot area of 232 square metres. This parcel will contain one half of the semi-detached dwelling currently under construction and will be known municipally as 845A Maplewood Avenue.

The retained land is shown as Part 2 on said plan. It will have a frontage of 7.61 metres on Maplewood Avenue, a depth of 30.48 metres and will contain a lot area of 232 square metres. This parcel will contain the other half of the semi-detached dwelling currently under construction and will be known municipally as 845B Maplewood Avenue.

The Application indicates that the Property is not the subject of any other current application under the *Planning Act*.

**PUBLIC HEARING:**

The Chair administered an oath to Mr. M. Ebrahimipour, Agent for the Applicant, who confirmed that the statutory notice posting requirements were satisfied.

Also in attendance were Mr. C. Hamilton of the City's Planning, Infrastructure and Economic Development Department (PIEDD).

**DECISION AND REASONS OF THE COMMITTEE: APPLICATION GRANTED**

The Committee considered any written and oral submissions relating to the applications in making its Decision.

The Committee notes that the PIEDD report raises "no concerns" regarding the applications.

Based on the evidence, the Committee is satisfied that the proposal is consistent with the Provincial Policy Statement that promotes efficient land use and development as well as intensification and redevelopment within built-up areas, based on local conditions. The Committee is also satisfied that a plan of subdivision of the land is not necessary for the proper and orderly development of the municipality. In addition, the Committee is satisfied that the proposal has adequate regard for the criteria specified under subsection 51(24) of the *Planning Act* and is in the public interest.

The Committee therefore grants the provisional consent, subject to the following conditions, **which must be fulfilled within a one-year period from the date of this Decision:**

1. That the Owner(s) provide evidence that payment has been made to the City of Ottawa for cash-in-lieu of the conveyance of land for park or other public recreational purposes, plus applicable appraisal costs. The value of land otherwise required to be conveyed shall be determined by the City of Ottawa in accordance with the provisions of By-Law No. 2009-95, as amended.
2. That the Owner(s) provide proof to the satisfaction of the **Development Review Manager of the West Branch within Planning, Infrastructure and Economic Development Department, or his/her designate**, to be confirmed in writing from the Department to the Committee, that each existing parcel has its own independent storm, sanitary and water services connected to City infrastructure and that these services do not cross the proposed severance line. If they do cross or are not independent, the Owner(s) will be required to relocate the existing services or construct new services from the City sewers/watermain, at his/her own cost.
3. That the Owner(s) enter into a Joint Use, Maintenance and Common Elements, at the expense of the Owner(s), setting forth the obligations between the

Owner(s) and the proposed future owners. The Joint Use, Maintenance and Common Elements Agreement shall set forth the joint use and maintenance of all common elements including, but not limited to, the common party walls, common structural elements such as roof, footings, soffits, foundations, common areas, common driveways and common landscaping. The Owner shall ensure that the Agreement is binding upon all the unit owners and successors in title and shall be to the satisfaction of the **Development Review Manager of the West Branch within Planning, Infrastructure and Economic Development Department, or his/her designate, and City Legal Services**. The Committee requires written confirmation that the Agreement is satisfactory to the **City's Development Review Manager of the West Branch within Planning, Infrastructure and Economic Development Department, or his/her designate**, and is satisfactory to **City Legal Services**, as well as a copy of the Agreement and written confirmation from **City Legal Services** that it has been registered on title.

4. That the Owner(s) enter into an Agreement with the City, at the expense of the Owner(s) and to the satisfaction of the **General Manager, Planning, Infrastructure and Economic Development Department, or his/her designate** to address the following: The Owner/Applicant(s) shall prepare and submit a tree planting plan, prepared to the satisfaction of the **General Manager of the Planning, Infrastructure, and Economic Development Department, or his/her designate**, showing the location of one new 50 mm tree to be planted on each lot following construction, to enhance the urban tree canopy and streetscape.
5. That the Owner(s) file with the Committee a copy of the registered Reference Plan prepared by an Ontario Land Surveyor registered in the Province of Ontario, and signed by the Registrar, **confirming the frontage and area of the severed land. If the Registered Plan does not indicate the lot area, a letter from the Surveyor confirming the area is required**. The Registered Reference Plan must conform substantially to the Draft Reference Plan filed with the Application for Consent.
6. That upon completion of the above conditions, and **within the one-year period outlined above**, the Owner(s) file with the Committee, the "electronic registration in preparation documents" for the Conveyance for which the Consent is required.

**The Consent lapses one year from the date of this Decision.**

All technical studies must be submitted to Planning, Infrastructure and Economic Development Department a minimum of **40 working days** prior to lapsing date of the consent. Should a Development Agreement be required, such request should be initiated **15 working days** prior to lapsing date of the consent and should include all required documentation including the approved technical studies.

Please note that if a major change to a condition or conditions is requested, you will be entitled to receive Notice of the changes only if you have made a written request to be notified.
